

# TRICK-OR-TREAT FOR UNICEF

**Trick-or-Treat for UNICEF** is a program that began 66 years ago as a way to help kids still affected by World War II. Since then, millions of children across the United States have gone door to door on Halloween with UNICEF collection boxes to raise money for the suffering children in the world.

**Can protect a woman and her future babies from tetanus.**

**Can provide a child with clean, safe water for one year.**

**Can provide 35 malnourished children with lifesaving nutrition for 1 day.**

**Can provide a bicycle to deliver medicine to children.**

This Halloween, don't just collect candy - trick-or-treat for the United Nations Children's Fund with your AYLUS group!

## **How to participate:**

- 1) Click "Get Involved" on the website:  
<https://www.unicefusa.org/trick-or-treat>.
- 2) Choose "Groups & Organizations", and click "Get Started".
- 3) Fill out the form and order your collection boxes. \*NOTE: Please order the boxes 1 week in advance of the event, because shipping takes 5 business days.
- 4) Get the Family and Group Resources from the website to help you organize!
- 5) Gather your team, dress up as you like, and go door-to-door for donations!

- 6) Award your volunteers a certificate for good work:  
[https://www.unicefusa.org/sites/default/files/TOT16\\_Recognition\\_Certificates\\_Interactive.pdf](https://www.unicefusa.org/sites/default/files/TOT16_Recognition_Certificates_Interactive.pdf)
- 7) After money is raised, print the donation form here:  
[https://www.unicefusa.org/sites/default/files/TOT16\\_DonationForm.pdf](https://www.unicefusa.org/sites/default/files/TOT16_DonationForm.pdf), and follow the instructions to complete your donation.
- 8) If you missed the date, don't worry! There are other ways to help - visit <https://totforunicef.mibi.com> to enter a challenge and unlock food packets for malnourished children. (ends November 6)

**Questions?** Feel free to contact the event coordinators, Andy Yang ([andytinganyang@gmail.com](mailto:andytinganyang@gmail.com)) and Eric Wu ([eric.justin.wu@gmail.com](mailto:eric.justin.wu@gmail.com)).
