Murrieta AYLUS Branch Co-President

President Secretary

As the co-founder and co-president of the Murrieta branch of AYLUS, I am committed to AYLUS' mission of leadership, integrity, and innovation. Through my leadership, our branch has held nearly 300 activities and received the Branch of the Month and Year awards each month and year respectively since its founding in August 2022. My competitive background in FTC Robotics has honed my skills in teamwork and execution under high-pressure environments, while my participation in the National Honor Society further reflects my commitment to serving my community.

If elected as the President's Secretary, I will utilize my organizational skills to assist the President and enhance the smooth functioning of AYLUS' operations. To promote the development of AYLUS, I believe we should not only work to ensure administrative efficiency but also grow our social media presence. By encouraging more branches to create social media accounts, we would be able to reach a greater audience and hopefully increase the diversity of AYLUS. Utilizing online resources could also bring greater support for activities such as fundraisers. Although I realize the limitations to my suggested solution, I believe is a viable one. I am eager to contribute to AYLUS' administrative team and our organization's growth.
